OFFICE OF THE SECRETARY

RE: Docket No. RM2017-3

Dear Commissioners:

We join the National Catholic Development Conference (NCDC), the Alliance of Nonprofit Mailers, and the nonprofit mailing community in urging you to reconsider your proposal to increase postage rates several times the rate of inflation. Increases that are estimated to reach 7 percent a year, or 40 percent compounded for five years, will not reform the United States Postal Service and will have a major negative impact on both the agency and its customers.

As a nonprofit, we rely on mail for the majority of our fundraising. But we operate on a limited, fixed fundraising budget each year, so if postage goes up as much as you contemplate, we will be forced to greatly reduce our mailings. This will have a disastrous impact on our revenue and our mission.

Our IBVM Sisters' Mission has focused on education for the past several decades. Currently we are serving people as, teachers, counselors, spiritual directors, ESL instructors, justice advocates and many other areas as it relates to helping those in need.

Postage increases totaling 40 percent over the next five years will greatly impact our work as we send our newsletters and appeals to engage support, several times a year

We urge you to please do the right thing and reconsider your proposal.

Sincerely,

Anne Delaney
Director of Development
